

Petrobras on the election of the new Executive Board

Rio de Janeiro, March 22, 2023 - Petróleo Brasileiro S.A - Petrobras, in addition to the material facts disclosed on 02/02/2023 and 02/17/2023, informs that its Board of Directors elected as of 03/29/2023, with term of office until 04/13/2025, the following members to the Executive Board:

- Mr. Sergio Caetano Leite to the position of Chief Financial and Investor Relations Officer;
- Mr. Joelson Falcão Mendes to the position of Chief Exploration and Production Officer;
- Mr. Carlos José do Nascimento Travassos to the position of Chief Production Development Officer;
- Mr. Claudio Romeo Schlosser to the position of Chief Trading and Logistics Officer;
- Mr. William França da Silva to the position of Chief Refining and Natural Gas Officer;
- Ms. Clarice Coppetti to the position of Chief Institutional Relations and Sustainability Officer, and
- Mr. Carlos Augusto Burgos Barreto to the position of Chief Digital Transformation and Innovation Officer.

The Board of Directors also re-elected the Company's CEO, Mr. Jean Paul Prates, for a new mandate of two (2) years, until April 13, 2025

The nominations were submitted to the internal corporate governance procedures, including the respective analyses of compliance and integrity required for the company's succession process, which included the analysis of the People Committee and then deliberation by the Board of Director. Below are the resumes of the new executive officers:

Sergio Caetano Leite holds a master's degree in Economics and Management, is a CVM-certified portfolio and investment fund manager, with international experience in investment banking and mergers and acquisitions in Brazil and abroad. He worked for over 15 years in the oil industry as a financial consultant and in capital markets in fund management and fiduciary administration, serving institutional and structured funds. Recently, he served as undersecretary of the Northeast Consortium responsible for the Thematic Chambers of Sanitation, Energy (Renewable Energy, Oil and Gas), and Infrastructure and Investment. He also coordinated the Consortium's Investment Platform, structuring more than 2 billion reais in financing for the member states in the last three years.

Joelson Falcão Mendes is a mechanical engineer from the Federal University of Rio de Janeiro (UFRJ) with an MBA in business management from FGV and specialization in advanced management from INSEAD, France. He joined Petrobras in 1987 as equipment engineer and has held several managerial positions in the last 31 years. He was Operations Manager of several platforms, General Manager of the Petrobras units in Amazonas, Rio Grande do Norte and Ceará states and Campos Basin. Later, he was Executive Manager of deepwater and Executive Manager of ultra-deepwater. Currently, he was responsible for the Executive Management of Safety, Environment and Health at Petrobras. He is a member of the Board of Directors of OSLR - Oil Spill Response Limited.
